- Cooperate with local authorities during annual EHC plan reviews.

- Ensure in class SEND paper work is maintained in an organised and effective manner.
- Maintain ambitious targets for our children with SEND.

6. Involving pupils and parents in decision making

Effective planning should help parents, children and young people with SEND express their needs, wishes and goals, and should:

- Focus on the child or young person as an individual, not their SEND label.
- Be easy for children, young people and their parents to understand and use clear ordinary language and images, rather than professional jargon.
- Highlight the child or young person's strengths and capacities.
- Enable the child or young person, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on families.
- Bring together relevant professionals to discuss and agree together the overall approach.

7. Joint commissioning, planning, and delivery

Ludham Primary School will collaborate with the local authority in the exercise of its duty to work together with health and social care providers by:

- Identifying improved system outcomes in consultation with pupils and their parents, taking into account:
 - Prevention.
 - Early identification / recognition.
 - How pupils and their families will be able to access services.
 - How transitions between life stages and settings will be managed, including from early years to primary education, primary to secondary, and secondary to further education (FE).
 - How provision and support services will enable pupils to prepare for their future adult life.

- Draw on the wide range of local data-sets about the likely education needs of children and young people with SEN to forecast future need, including:
 - Population and demographic data.
 - Prevalence data for different kinds of SEND and disabilities among children and young people at national level.
 - Numbers of local children with EHC plans and their main needs.
 - The numbers and types of settings locally that work with or educate children with SEND and disability.
 - An analysis of local challenges / sources of health inequalities.

10. Identification

To identify pupils with SEND, Ludham Primary School will:

- Assess each pupil's current skills and levels of attainment on entry.

 - The attainment gap does not grow wider.
- The school will provide extra support to pupils falling behind or making inadequate progress given their age and starting point.
- Assess whether a pupil has a significant learning difficulty where pupils continue to make inadequate progress, despite high-quality teaching targeted at their areas of weakness.
- Use formal assessments, such as The Salford Reading Test and Young's Parallel Spelling, to identify accurately if a child is not making the progress they should be.

11. Graduated approach

Ludham Primary School will, once a potential SEND has been identified, employ the graduated approach to meeting the pupil's needs, including:

- Establishing a clear **assessment** of the pupil's needs.
- Working with the pupil to create a pupil passport which gives them the opportunity to express their views.
- **Planning** with the pupil's parents, the interventions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review. This will be recorded and shared with teachers, parents and the child.
- **Implementing** the interventions, with support of the SENDCO.
- **Reviewing** the effectiveness of the interventions and making any necessary revisions.

12. Seeking support from external agencies
